

# Minnesota Pollution Control Agency

Celebrating our 25th anniversary and the 20th anniversary of the Clean Water Act

September 25, 1992

CERTIFIED MAIL NO. P 058 001 403  
RETURN RECEIPT REQUESTED

Mr. Jerry Johnson, Vice President  
American Linen Supply  
700 Industrial Boulevard Northeast  
Minneapolis, Minnesota 55414

Dear Mr. Johnson:

Subject: Notice Of Violation

Enclosed is a Notice Of Violation (NOV) issued by the Minnesota Pollution Control Agency (MPCA) to American Linen Supply (Company) for removal of two boilers, installation/operation of an additional boiler at the Company's facility without a MPCA air emission permit and for failure to submit a timely permit application for reissuance. You are requested to submit your response to the requirements section of the NOV within the timetable stated in this NOV.

MPCA, Air Quality Enforcement staff conducted an inspection of the Company's facility on June 26, 1992. At that time, Mr. Dave Hauck was informed of the referenced violations. Mr. Hauck was also informed of the need to contact the Air Quality Permit Section regarding the Company's permit reissuance. On July 2, 1992, a permit application was received by the MPCA. We also told Mr. Hauck that the Company needs to remove the lint from the roof cage more frequently to avoid having the lint become airborne. MPCA staff, upon leaving the Company, saw lint in the Company's front entrance area which demonstrates the need to clean the roof cage more frequently.

If you have any questions, you may contact me at (612)297-7707

Sincerely,

Fereshteh Rahimzadeh  
Enforcement Unit  
Compliance and Enforcement Section  
Air Quality Division
